Project
The investment project Construction of observation cableway for using the recreational facilities of the High Castle park involves the construction of a hanging cableway, a pedestrian bridge of the memory of the heroes of Heavenly Hundred over M. Kryvonosa St., measures for the improvement of the High Castle and On the Bulwarks parks.
The cableway will perform an attraction viewing function, as well as create conditions of inclusiveness for all categories of visitors, including the persons with reduced mobility, to observation sites and archaeological and architectural monuments in the territory of the High Castle park.

Project components
Main components (measures):

- Construction of the observation cableway complex for use of the recreational facilities of the High Castle park, which includes, in particular, the premises of museums, cable car stations, service, and other auxiliary premises
- Construction of the pedestrian bridge of the memory of the heroes of Heavenly Hundred over M. Kryvonosa St., dedicated to the commemoration of the heroes who died during the Revolution of Dignity
  Additional components (measures):
- Conducting measures for the improvement of the High Castle and On the Bulwarks parks
- Setting up the conditions of inclusiveness, barrier-less access for the persons with reduced mobility to the complex of the observation cable car and pedestrian bridge
- Moving and reconstruction of part of sports and playgrounds in the park On the Bulwarks

The main technical and economic indicators of the cable car complex

- Length: 524 m
- Elevation drop: 84.0 m
- Number of stations: 3
- Number of pillars: 6
- Average speed: 4.0 m / s
- Total number of cabins: 17
- Passenger capacity of one cabin: 8 people

The cost of designing and constructing a cableway complex amounts to UAH330.54 million.

Technical and economic indicators of the pedestrian bridge of the memory of the heroes of the Heavenly Hundred

- Length: 28 m
- Width: 3.18 m
- The estimated cost of building a pedestrian bridge is UAH30 million.

Payback period: 10 years

Social components

- Inclusiveness, arrangement of conditions for barrierless access for the persons with reduced mobility to the complex of the observation cable car and pedestrian bridge.
- The construction of a pedestrian bridge of the memory of the heroes of Heavenly Hundred through M. Kryvonosa St.
- Measures for the improvement of parks within the territory of the implementation of investment project.
- Free use of a cable car for persons with disabilities who are not able to move independently, as well as privileged transportation of persons from among the socially vulnerable groups of the population.
- Reconstruction of sports and playgrounds.

Investment search
Conducting an investment competition to determine the best investment proposal that will most fully comply with the terms of the tender and the provisions of the investment project
The announcement of the competition – 2019
